For most students, placement into your first mathematics course at UW-W is based on the ACT math sub-score. Since the ACT is usually taken during the junior year of high school, any mathematics course taken (or not) during the senior year is not reflected in this score.

Those students questioning their mathematics placement and wanting to take the MPT (Mathematics Placement Test) must pre-register by sending the Chair of Mathematical & Computer Sciences, Dr. Julie Letellier, an e-mail (letellij@uww.edu) requesting to take the MPT. Please include your full name (middle initial is required) and current mathematics placement in the e-mail.

The test will be administered on:

Thursday September 6th
6:00 – 7:30 pm
in Heide Hall Room 100

Bring your UWW student ID, #2 pencils and a scientific, non-graphing calculator, if you wish.

If you would like to discuss your placement in person, please send Dr. Letellier an e-mail requesting a meeting.
