Dear Professor: *Bucci,*

I am editing the volume titled "GEOMETRY, NUMBER THEORY AND PHYSICS", dedicated to the memory of B. Riemann (1826-1866) on the occasion of the 125th anniversary of his death. The volume will contain research and expository papers in the above fields. It will be published by the World Scientific Publishing Company, Singapore, and will have an international circulation.

I would appreciate your contributing a paper (in duplicate) in English, with an abstract at the beginning, by no later than December 30, 1991 for its publication in the volume.

You will receive a copy of the volume, free of charge, upon publication. My address is:

Dr. George M. Rassias  
Department of Mathematics  
The American College of Greece

With my best regards,
